

A message from Parkville Mayor Jim Brooks

December 18, 2012

Greetings!

We've been good in Parkville this year, and Santa is bringing us a brand new and improved 45 Highway - ribbon cutting Thursday, December 20th at 2:00pm near the National roundabout. Of course we all know that such "presents" come from a carefully orchestrated process of prioritizing regional road improvement projects, and then coordinating federal, state and local funding to make them happen.

Next spring we will be asking voters to renew a County sales tax to help fund the widening and improvement of 45 Highway from the K Highway roundabout to I-435 during the 2015-2016 regional funding cycle. We hope Santa will be similarly generous with regards to that project.

Happy holidays and best wishes for a prosperous new year!

**Jim Brooks, Mayor
City of Parkville**
