

**ADDENDUM NO. 1**  
Issued August 16, 2016

**Request for Proposals: Development of 45 Park Place in Parkville, Missouri**

Due to discrepancies in the title work, the City of Parkville currently does not control two parcels within the Project Area as indicated below. Both parcels are on the east side of Brink Myers Road. The City is working to resolve the issues, so proposers are encouraged to include these parcels in responses to the RFP. Consideration for assistance with property acquisition, if needed, may be addressed as part of a future development agreement.
