

# Understanding Your *Parkville* Sewer Bill

Missouri

The cost to maintain and operate the City's sewer system is entirely borne by the users of the system through your sewer bill. The sewer rates pay for the cost of operations, maintenance, repairs and upkeep to the pipes in the ground that allow us to take wastewater to the City's sewage treatment plant, and for the treatment process where the sewage is treated and safely discharged into the environment.

## Residential Accounts

Consumption based on winter average or actual usage

## Commercial Accounts

Consumption based on actual usage
