

Veteran's Memorial Donation Program

There are two donation options to contribute to the construction and completion of the Monument at the Veteran's Memorial. All items purchased for the area must be in honor of a fallen Veteran or Veterans.

Option 1: Monetary Donation

You have the availability to donate straight to the construction and completion of the Monument at the Veteran's Memorial. Contributions will be accepted at any level; every donation, no matter how small, will help! There are three levels of donation for recognition: Bronze level contribution: \$100-499; Silver level contribution: \$500-1,999; and Gold level contribution: \$2,000+. All qualifying donations will be recognized at the unveiling of the Monument at the Veteran's Memorial. Gold level contributions will be featured on a permanent plaque within the Veteran's Memorial.

Option 2: Memorial Bench or Tree

Space is limited to only four benches. The purchase of a memorial bench will include the bench, a plaque with inscription, concrete pad, map of the placement and a photograph of the finalized installment. The purchase of a memorial tree will include the tree, a map of the placement, a certificate and a photograph of the finalized installment. The exact location within or around the memorial as well as the species of the tree is at the discretion of the Parks Superintendent and the Monument Design Artist. Trees and benches must be approved by the Veteran's Committee before the completion of donation.

If you wish to donate to the Veterans Memorial, please fill out the following:

Donor Name: _____

Address: _____

City/State/Zip: _____

Email: _____

Phone: _____

Monetary Donation Specific Amount:

- Bronze Level: \$100 - 499 \$ _____
